- Buyer can pick from all of the fall born 2018 and spring born 2019 heifer calves from the mating of SS Niagara Z29 to KM Blue Lady 4214 - two heifers from this mating are listed.
- KM Blue Lady 4214 is phenotypically one of the very best daughters of the popular and proven KM Broken Bow 002 to be found. She is a power house from the ground up with super feet and legs with explosive muscle dimension in a very soft made deep sided package that is also highlighted with extra length and extension. She has earned an impressive progeny record of WR 2@118 and YR 2@112 and her Pathfinder dam by Connealy Stimulus record WR 5@104 and YR 3@105 and the next dam sired by Special Edition is the KM pick of the Flag Ranch program.
- This mating combines two of the breed's most popular AI sires in a package that excels for several economic relevant EPD traits that should fit into any progressive program.
